Information

UI/UX Designer & Web Developer with a focus on creating engaging, responsive designs and building intuitive websites. Experienced in HTML, CSS, JavaScript, and frameworks like React, I am dedicated to improving user satisfaction through innovative design and technical expertise.

Skills

UI/UX Design: Wireframing, Prototyping, User Research, User Personas, Journey Mapping, Interaction Design, Information Architecture

Design Tools: Adobe XD, Figma, Sketch, InVision, Photoshop, Illustrator

Web Development: HTML5, CSS3, JavaScript (ES6+), TypeScript, React, Vue.js, Angular, Bootstrap

Version Control: Git, GitHub

Web Technologies: RESTful APIs, AJAX, JSON, jQuery

Frameworks & Libraries: React.js, Vue.js, Bootstrap, Tailwind CSS

Projects

[Book-Store Clone](#)

Bookstore Library is a full-stack MERN application where users can explore, read, and purchase books. It features user authentication, favorites management, and access to both free and paid books.

[Fittrack :-](#)

Fittrack is a MERN-based fitness tracking app where users can add, manage, and complete daily exercise tasks. It helps users stay consistent by tracking progress and marking workouts as done.

[Analog Clock :-](#)

Developed a fully functional analog clock using JavaScript, HTML, and CSS, featuring real time clock updates and smooth animations for a seamless user experience.

[Guessing Game :-](#)

Created an interactive guessing game using JavaScript, where users are prompted to guess a random number within a specified range, with dynamic feedback and scoring based on user performance.

Education :-

B.Tech in Mechatronics

IIIT Bhalpur |2028

Currently pursuing B.Tech in Mechatronics

Intermediate

Sacred Heart Convent School, Sakchi, Jamshedpur | 2024

Completed with | pure science| specialization.

Matriculation

Vikas Vidyalaya, Mango, Jamshedpur |2022

Soft skills :-

Creativity

Collaboration

Problem Solving

Communication

Time Management
